

Code for America

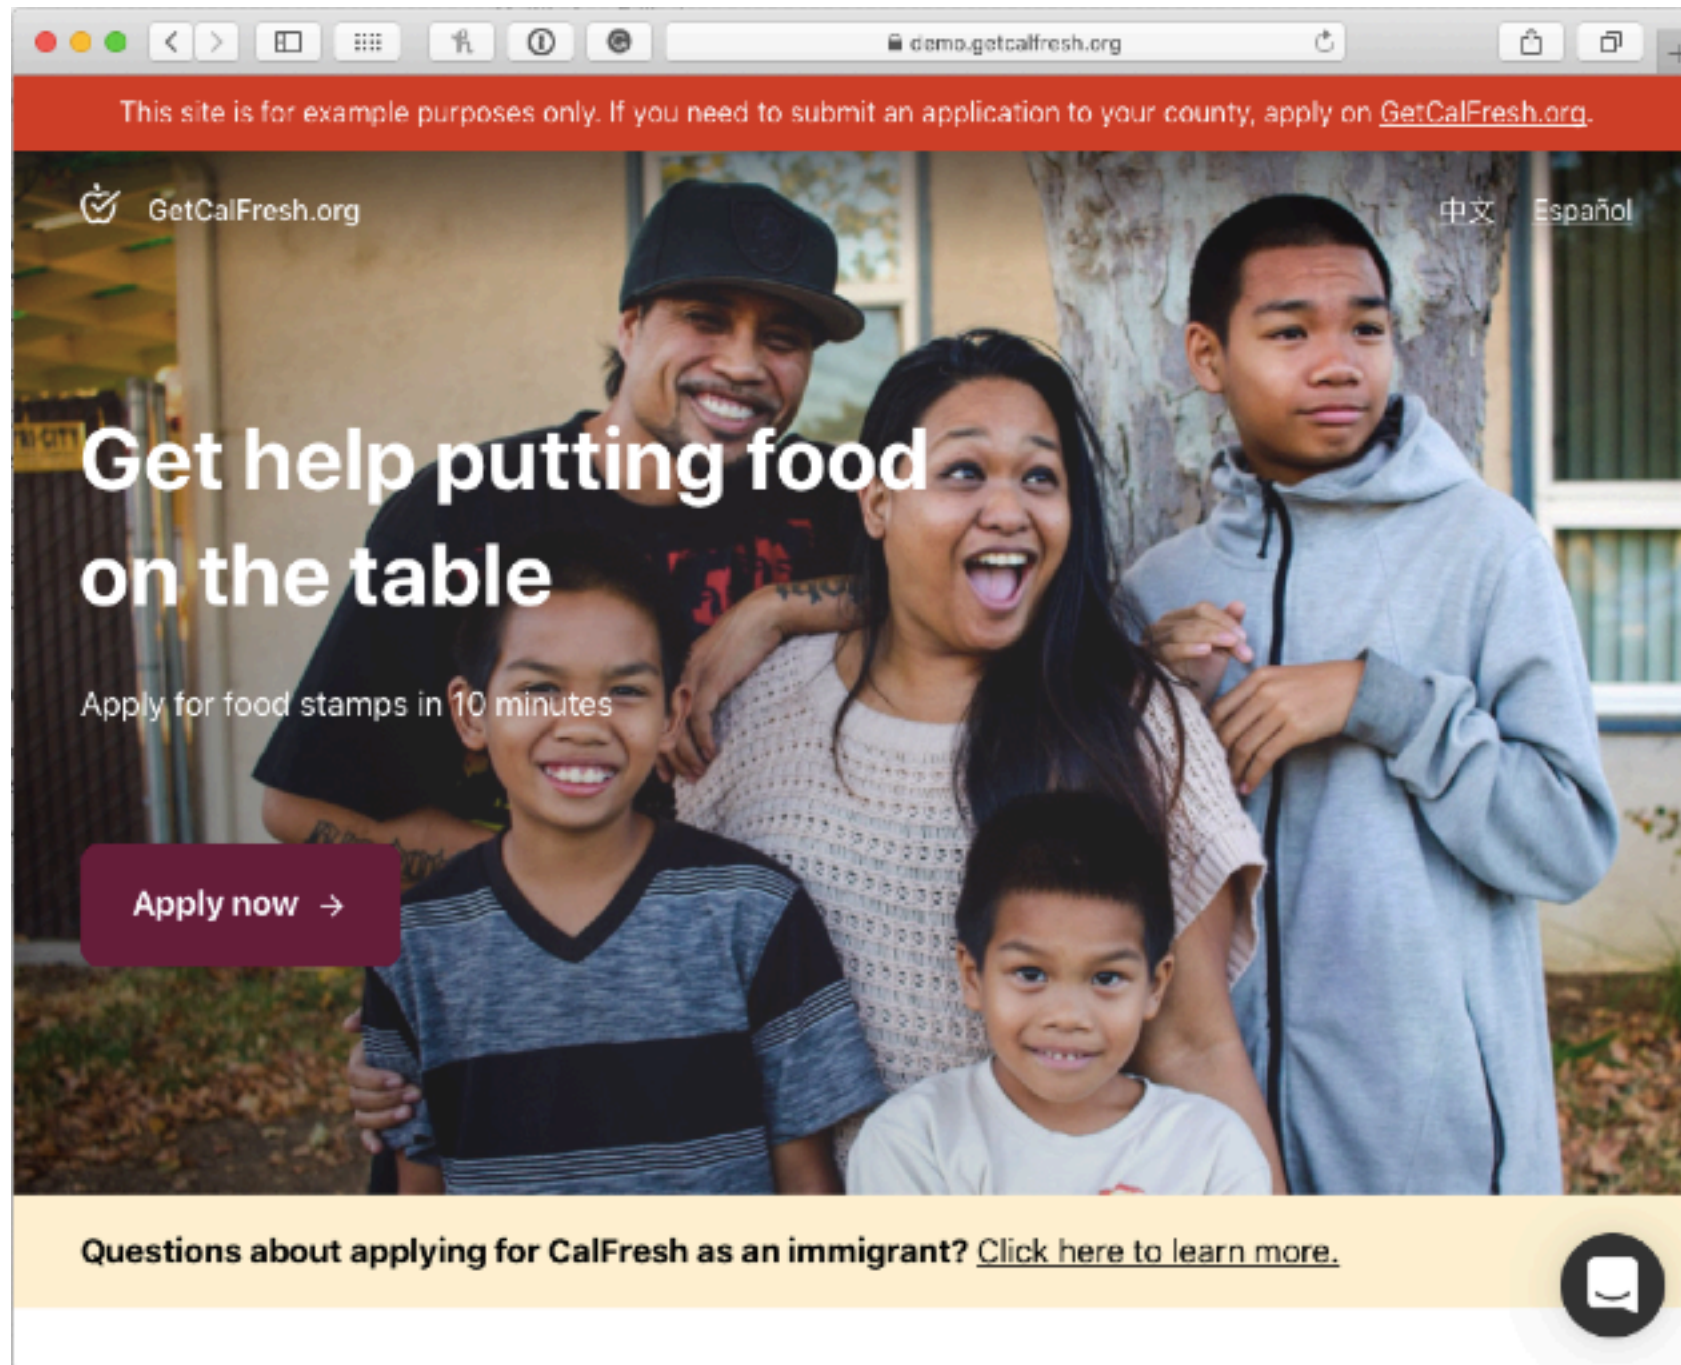

[Anule Ndukwe](#)

Software Engineer

- * **Non profit technology company based in San Francisco**
- * **We make a lot of products that make government services easier to navigate**
- * **We also run a volunteer network across the country that works with their local governments to improve services in their community**

I work on GetCalFresh

GetCalFresh.org is a service delivered by [Code for America](#) on behalf of the people of California.
